One of the World's Greatest Remedies.

Mr. S. P. Mason, of Markle, Ind., writes:—I have been in the drug trade twenty years and have handled your White Wine of Tar fifteen years. I have never sold a remedy that equals it. Fifteen years ago, I bought a bill of this medicine from your agent. The first bottle I put out was for asthma in the case of Jos. Ledbetter of this town. The Dr. said he could not live. One bottle of Warner's White Wine of Tar cured him and he is still living. I think the world should know more of this wonderful remedy. For sale at Johnson's Pharmacy and H. P. Dunn & Co. t-tslm

FORM A GOVERNMENT

REBELS AT RIGA DECLARE THEIR SEPARATION FROM THE RUSSIAN EMPIRE.

FORT IN THEIR POSSESSION

MANY OF CZAR'S TROOPS ARE SAID TO HAVE JOINED INSURRECTIONISTS.

St. Petersburg, Dec. 12, via Helsingfors, Finland, and Berlin, Dec. 14.—Two messengers who arrived here from Riga today, having walked about 120 miles to catch a train at Plotok, not only confirm the report that a provisional government has been set up in Livonia but they say that many of the troops have gone over to the insurrectionists.

Dvina fort, commanding Riga harbor, is in their possession and the governor and other Russian officials are prisoners. The messengers add that the provisional government exercises authority throughout Livonia and part of Courland. The new government has declared the separation of the Lithuanian people from the Russian empire. They have chosen new local officials and have decreed the closing of the spirit shops and breweries and the annulment of contracts between the peasants and the land owners. There is a general uprising of the native peasants, who are traveling in armed bands, attacking the estates and driving off or killing their owners.

Land Owners Flee in Terror.
Some of the land owners have organized volunteer battalions to protect their property, as the authorities are powerless to afford aid, but the majority are fleeing in terror. The peasants forbid the owners to sell grain or lumber and formally declare that the forests and estates of those who have departed will be confiscated.

The position of the peasants in these provinces has been the most deplorable of any in the entire empire. Conditions almost approaching those of the feudal system have been continued down to the present time. They practically have kept the peasants in a state of vassalage, placing them at the mercy of the German barons from whom they rent land and purchase the right to cut wood and fish in the waters of the gulf.

The Russian officials are being expelled from the provinces and many of them have been killed in the streets of the towns. There is a reign of terror at Riga. Women and children are living in the upper stories of houses and foreign merchants are winding up their business or abandoning everything in order to escape.

WITTE REMAINS CONFIDENT.

Russian Premier Says It Is Not His Intention to Resign.

London, Dec. 14.—The correspondent of the Daily Telegraph at St. Petersburg in a further installment of his interview with Count Witte, says the premier declared the army would remain firm, the finances of the country were sound and it was not his intention to resign.

The correspondent in a series of questions presented numerous instances of the disloyalty of the troops and marines.

The premier in answering these questions insisted that in all instances the disloyalty so pointed out was either temporary or exceptional and that it had never developed into actual infidelity to the emperor.

It could not be denied, he said, that the revolutionary propaganda was being industriously and assiduously worked in the army and in the navy, but it was not and could not be successful, because the national character was fixed and the national traditions were too deep rooted. So far as he knew the demands of the malcontents were altogether of an economical character. The troops were accustomed to obey the emperor implicitly and the premier was unable to conceive any transference of that allegiance.

The correspondent suggested the possibility of a sudden coup, by which the Republicans would seize the reins of government, to which Count Witte replied that the members of such party would be ruthlessly cut down by the imperial troops. The idea of such a republican government subsisting for even three days, the premier said, could only be entertained by foreigners who never had an opportunity to study the Russian national character or by thoughtless Russians who were incapable of interpreting that character.

Wanted the Jews Slain.

Warsaw, Russian Poland, Dec. 14.—Two prominent men of Odessa have declared their readiness to take a formal oath that General Kaulbars, governor general of Odessa, said on Oct. 19 that all the Jews in Odessa must be massacred. The trains to the Austrian frontier are booked full ten days ahead.

Planned Dictatorship.

London, Dec. 14.—The correspondent of the Times at St. Petersburg says a wild story is in circulation there that General Count Alexis Ignatieff has been arrested by order of the emperor for plotting to establish a dictatorship.

SKYSCRAPERS IN DANGER.

Expert Finds That Electrolysis Undermines Foundations.

Electrolysis is undermining the steel foundations of the large skyscrapers of Pittsburgh. E. E. Brownell, an expert engineer employed by the Whitney and Rockefeller interests of New York to study electrolysis in Pittsburgh, made a report to this effect, of which 300 copies were printed, but they have disappeared, says a Pittsburgh dispatch to the Philadelphia Public Ledger. The department of public works feared that a panic would ensue if the true state of affairs became known.

Engineer Brownell shows many places where with a penknife he punctured holes in heavy iron pipes. He went down under some of the big steel buildings and found the steel supports pitted to such an extent that the steel could be scaled off with a nail. Mr. Brownell also reports that nearly all the pipes in Pittsburgh are destroyed owing to leaks in the electrical systems.

New Ideas in Dentistry.

The latest dentistry ideas condemn the continued use of one toothbrush as all wrong, says the Boston Traveler. The impossibility of cleansing so as to keep it free from microbes should insure the buying of toothbrushes by the quantity and the discarding of each brush long before it has served what once would have been considered its term of usefulness. Soft brushes should be chosen, which is possible when they are only expected to have a short term of use. Warm water always should be chosen for cleansing the teeth, and when smoking is indulged in a good antiseptic dentifrice which agrees with the mouth after some experimenting should be used freely.

Every Coat in Our Stock

will Sell at a Reduction

Whether you have or have not been waiting for cut prices on coats you should come at once and make your selection if you have a coat to buy. You are doubtless aware that our showing is of nothing but good authoritative styles and that a sale of this kind, means not only a saving of dollars, but the securing of the exclusive styles we show.

This is a bit earlier than cut prices are made on a general line of coats, but you know we often sacrifice that each season may find us showing nothing but the new. If you had thought of waiting a few weeks for financial reasons, make your choice and we will lay it aside upon a small payment.

Do not Forget our Glove Certificate.

Below is a fac simile of the certificates we sell. This plan makes the most satisfactory way to give gloves as your friend can come in any time after Christmas and select the color she wants.

Our line of fine dress kid gloves at \$1.00 and \$1.50 are unsurpassed and we will make every glove satisfactory that leaves our counters. Our Mochas at \$1.25 and \$1.50 will make splendid gifts as will our long silk gloves in black and white at \$1.00.

IT HAS COME TO PASS that George H. Spear has been nominated for governor of Minnesota by an up-country newspaper.

THE new president of the New York Life Insurance company gets but \$50,000 a year all told, while his predecessor received \$150,000 and the "trimmings."

THE lid goes on tight New Year's day in St. Cloud and saloons will be closed at 11 o'clock at night and kept closed until 5 in the morning and all day Sunday.

THE announcement of the engagement of Alice Roosevelt to Representative Longworth of Cincinnati was made yesterday by President and Mrs. Roosevelt. The wedding will occur in February.

THE same day that St. Cloud orders the saloons closed steps are taken to have the drinking water supply thoroughly analyzed. It has been 60 years since that city has been on a water diet for one day even and they are going to take no chances.

STATISTICS show that 80,000,000 pounds of butter were produced in Minnesota during the past year, bringing \$16,000,000 to the farmers, the average production per cow being 170 pounds in the twelve months. Minnesota is well named, the "bread and butter state."

THE political writer on the Minneapolis Journal is of the opinion that the leaders of the Hennepin county republican factions will not allow the fierce fight that was waged last election on gubernatorial matters to enter into the next campaign no matter who the candidates are.

The Conductor.

I had been suffering with a severe cold for several days, and was so hoarse I could not speak above a whisper, Nov. 16th. I met one of Dr. Warner's agents on my train, he handed me a bottle of the White Wine of Tar Syrup, and one hour after taking the first dose my hoarseness commenced leaving me. In twenty-four hours my voice was quite clear and natural and my cold was cured. It is the best remedy I ever saw.

Respectfully,

Conductor Warren,

LATE WITH BLANKS

Blanks for Teachers' Term Reports and Clerks' Reports Not Received by

Supt. Wilson

Supt. Wilson, of the county schools, received a communication today from State Superintendent of Public Instruction J. W. Olson, which explains the delay in sending out the blanks for teachers' term reports and clerks' reports. It is as follows:

"The Department desires to offer an explanation in regard to the delay in sending you blanks for the teachers' term reports and clerks' reports. The order for these was given to the state printer the first week in October, and ordinarily they should have been ready to send out about October 20th. The job printer gives, as a reason for the long and unusual delay, the strike among job printers. We hope, however, to be able to send them to you not later than the first of January."

MUSIC AND DRAMA.

BRITT-NELSON MOVING PICTURES.

One of the very novel and interesting attractions at the Brainerd opera house will be on Monday evening, Dec. 18, when the Britt-Nelson fight will be reproduced on canvass by a powerful moving picture machine.

Moving pictures come and go, and each successive season sees a new series of motion films, each advertised as better than anything that has preceded it. This assertion is, as a rule, quite correct, for the advance in moving photography has been rapid and each year sees finer films than any yet displayed. The climax and the acme, however, seem to have been reached in the Britt-Nelson fight pictures. These are by long odds the best, the cleanest, the clearest and the prettiest motion pictures yet taken in any field of endeavor. They lack nothing, and they have everything that could be required. Details are accurate, figures seem to veritably move and breathe, and the clearness is both perfect and artistic. These pictures surpass anything ever shown, and it is doubtful if, even under the most favorable circumstances, a better set of films will ever be obtained.

A NOVEL ENTERTAINMENT.

Brainerd is to have a touch of high class vaudeville and burlesque of the kind that will be commended, something that the patrons of the theatre can rest assured will not be offensive, as nothing will be tolerated of a suggestive nature. The date of this attraction will be Saturday evening, Dec. 23, and the engagement will be "The Alcazar Beauties" company, under the personal direction of T. W. Dinkins. Many popular and capable artists are connected with this organization including such well known favorites as the Seyons, Haight and Dean, the Misses Sartell and Sears, Jas. B. Carson, the three marvelous Keeley Bros., Frank Riley and Chas. B. Ward, better known as "The Original Bowery Boy." For a curtain raiser, "The Romance of a Suit Case," is presented and the performance is closed by the laughable hodge-podge, "A Midnight Dream," and during the entire action of each of these "mirth, maids and melody" reign supreme.

The Minnesota Water Works company has just made an improvement which will be of great benefit it is thought in the future. Gates have been put in at the corner of Fifth and Laurel, Sixth and Laurel, and Eighth and Laurel, and now when there is need of shutting the water off on the south side to make repairs these gates may be closed and it will not necessitate the shutting off of the water in the business district.

DEMOCRATS QUARREL

DEFIANCE THROWN AT HOUSE
LEADER BY MESSRS. LAMAR
AND SHACKLEFORD.

CRITICISM OF MR. WILLIAMS

FLORIDA MEMBER GROWS DECID-
EDLY BITTER IN ASSAILING
HIS LEADERSHIP.

Washington, Dec. 14.—The "washing of Democratic linen for the amusement of Republicans" as Mr. Williams, the minority leader, put it Monday occupied the attention of the house for more than four hours during the day. The result accomplished was a defiance thrown at the minority leader by Representative Lamar of Florida, and another by Representative Shackelford of Missouri. The complaint of both resulted from the refusal of Mr. Williams to recommend their appointment as members of the committee on interstate and foreign commerce. Both made long speeches in which Mr. Williams' leadership was assailed from many points. Mr. Williams replied to Mr. Lamar at some length and briefly to Mr. Shackelford. His defense was that last session the Democrats on this committee were divided and he deemed it necessary for the good of the party and the country that a united minority report should be made on the subject of railroad rate legislation. At times there was high tension in the debate. Mr. Lamar was particularly bitter in his criticism and openly declared that his heretofore personal friendship for Mr. Williams was forever at an end unless the criticisms of himself were retracted. He, however, would recognize Mr. Williams as the party leader. Mr. Shackelford renounced all allegiance and placed himself independent of party leadership in the house. The subject under discussion was the committee distribution of the annual message of President Roosevelt. At the conclusion of the Democratic debate this had not been accomplished and the house adjourned.

BRIEF SENATE SESSION.

Executive Business Occupies Attention of Upper House of Congress.

Washington, Dec. 14.—The senate was in session for only an hour and a half during the day and a portion of that time was spent in the consideration of executive business. A communication from Secretary Shaw regarding campaign contributions by national banks was read. The secretary enclosed a letter from the comptroller of the currency saying that the reports of bank inspectors reveal only a few small contributions in the past fourteen years.

MATERIALS FOR PANAMA CANAL.

Ninety-eight Per Cent Shipped From the United States.

Washington, Dec. 14.—In making public all of the testimony taken Tuesday by the senate committee on appropriations in reference to the Panama canal emergency bill the senate has disclosed in greater detail the work on the isthmus than has been given by all reports of the Isthmian canal commission officers or others authorized to discuss canal affairs. The testimony taken during the meeting covers eighty-eight printed pages devoted almost wholly to examinations of Secretary of War Taft, Theodore P. Shonts, chairman of the commission; J. B. Bishop, secretary, and D. W. Ross, general purchasing officer. It developed during the testimony of Secretary Taft and Mr. Ross that 98 per cent of the materials purchased by the commission were shipped from the United States and of the 2 per cent foreign materials nearly the entire amount was secured on the isthmus. It was stated there are about 17,000 men employed on the isthmus in canal work, but that none of these are now engaged in excavating. The work of digging the canal was stopped when Mr. Stevens went to the isthmus in July last as chief engineer. Mr. Taft said that 4,000 of the men were employed in the sanitation department and 12,000 in track work, construction of buildings, in machine works and putting together the equipment in getting ready for the work of excavating.

Case of Charles F. Pfister at Milwaukee Nearly Ended.

Milwaukee, Dec. 14.—The trial of Charles F. Pfister, the Milwaukee capitalist, charged in an indictment with larceny of \$14,000 from the Wisconsin Rendering company as bailie, is nearing its close. After the state's last witness was heard in the afternoon the defendant's counsel moved to discharge the defendant on the ground that the charge had not been maintained. Arguments on the motion had not been concluded when court adjourned for the day.

Nearly every bit of testimony offered by the state during the day was ruled out as being irrelevant to the case.

The maximum speed developed was 18.942 knots and her builders express confidence that the ship can attain a speed of 19 knots. The Louisiana was sent over the course twelve times. Five miles were covered at top speed, but the average rate of speed was 18.61 knots an hour.

PERKINS HAS RETIRED

VICE PRESIDENT OF THE NEW
YORK LIFE INSURANCE COM-
PANY RESIGNS.

A. E. ORR HIS SUCCESSOR

CHARLES A. PEABODY ELECTED
PRESIDENT OF THE MUTUAL
LIFE COMPANY.

New York, Dec. 14.—Two incidents affecting the life insurance situation in New York during the day overshadowed the legislative committee investigation. While the committee was inquiring into the conduct of the Prudential Life Insurance company and the Metropolitan Life Insurance company, George W. Perkins resigned as first vice president and chairman of the finance committee of the New York Life Insurance company. He was succeeded as vice president by Alexander E. Orr, president of the New York City Rapid Transit commission, and as chairman of the finance committee by John Claffin, head of the H. B. Claffin company.

Another important move in the situation was the election by the trustees of the Mutual Life Insurance company of Charles A. Peabody to succeed Richard A. McCurdy as president of that company at a salary of \$50,000 a year. Mr. McCurdy's salary was \$150,000. Mr. Peabody is a lawyer, the American representative of William Waldorf Astor and a director in several banks and other corporations. Mr. Peabody also was nominated as trustee of the Mutual Life Insurance company to succeed Justice Rufus W. Peckham, and Emory McClintock was nominated to succeed Elihu Root. They cannot be elected as trustees until the next meeting of the board.

United States Senator John F. Dryden of New Jersey, president of the Prudential Life Insurance company, again testified before the investigating committee during the day and made a statement to the committee of his reasons for

Favoring Federal Supervision

of life insurance companies through a national insurance department, which he said should have high authority over them. This, he said, would benefit both the companies and the insured. The tendency of the holders of industrial policies in the Prudential and Metropolitan Life Insurance companies to lapse was examined in great detail by Charles E. Hughes, counsel for the committee, who quoted a statement of the Prudential company that 72 per cent of its industrial policies lapsed within five years from the date of issue. Senator Dryden declared that this is much to be regretted from the standpoint of the company as well as from that of the insured and that the tendency now is toward a greater persistency on the part of the industrial holders than formerly. The senator asserted that industrial insurance even with high rates and tendency to lapse is the greatest economic force now in operation in this country.

Just before adjournment for the day Haley Fliske, vice president of the Metropolitan company, told of an incident in which that company commissioned William A. Read to buy 3,333 shares of railway stock for the company. Mr. Fliske said that Mr. Read the same day sold the stock to a company of brokers at \$10 a share less than the broker sold it to the Metropolitan. Mr. Fliske said he had tried to get the money back but Mr. Read refused to surrender it.

HARRIMAN WILL TESTIFY.

Will Tell About His Attempt to Obtain Share of Equitable Stock.

New York, Dec. 14.—Edward H. Harriman has written to the legislative insurance investigating committee asking that he be given an opportunity to go on the stand and testify regarding his attempt, as described by Thomas F. Ryan, to share in Ryan's holdings in the Equitable Life Assurance society.

The committee replied that his request would be granted and Mr. Harriman will testify during the day.

ALICE ROOSEVELT ENGAGED.

Daughter of the President to Be Married in February.

Washington, Dec. 14.—Formal announcement was made late in the afternoon by President and Mrs. Roosevelt of the engagement of their daughter Alice Lee Roosevelt to Nicholas Longworth, representative in congress from the First district of Ohio, one of the Cincinnati districts. Coupled with the announcement of the engagement is the additional announcement that the wedding will take place about the middle of next February. While arrangements for the wedding have not been made, it is expected that it will occur at the White House.

Date of G. A. R. Convention.

Minneapolis, Dec. 14.—The week of Aug. 13 has been officially named as the time for the next annual convention of the Grand Army of the Republic, which is to be held in Minneapolis. This action was taken by the national council of administration of the G. A. R. at the close of a long conference with the Minneapolis committees and passenger officials of the different railroad companies.

TO FEDERAL GRAND JURY.

Evidence Presented in Connection With Rebating Charges.

Philadelphia, Dec. 14.—As directed by United States Attorney General Moody, District Attorney J. Whitaker Thompson during the day began the presentation of evidence to the federal grand jury in connection with the charges of rebating that have been brought against certain common carriers and shippers. The case before the jury was that of R. D. Wood & Co. of this city, manufacturers of iron piping. The piping upon which a rebate is alleged to have been paid amounted to 15,000 tons and was shipped from this city over the Baltimore and Ohio railroad to Fairport, O., and from there transported to Winnipeg by the Mutual Transit company's vessels and the Great Northern railway. An agent of R. D. Wood & Co., it is charged, closed a contract with an agent of the Great Northern to carry the piping for 44 1/2 cents a hundred pounds, whereas the published tariff rate is 49 1/2. The full tariff rate was paid, but the company, it is alleged, subsequently received a rebate of \$1,500.

District Attorney Thompson, in discussing the case, said that the information brought out before the grand jury was stronger than expected. The Wood case, he said, will soon be completed and the charges against the National Essence of Coffee company of this city will then be taken up.

The Reading railway and the Baltimore and Ohio railroad have been subpoenaed to produce certain books and in this connection the district attorney made the important announcement that all companies that produce books or documents and all individuals who appear before the grand jury will be immune from punishment.

SEARCHING INVESTIGATION.

To Be Made as to Violations of Law Against Rebates.

Cleveland, Dec. 14.—United States District Attorney Sullivan received instructions during the day from Attorney General Moody to inaugurate a searching investigation as to violations of the law against freight rebates and discrimination by either common carriers or shippers.

The matter is of unusual importance in this city and in this federal district because of the fact that a number of complaints of trade discrimination by means of a rebate system have already been filed with United States District Attorney Sullivan.

The district attorney refused to give any information as to the names of the concerns involved in the complaints which have already been received.

ORGANIZATION PERFECTED.

Catholic Church Extension Society Elects Officers.

Chicago, Dec. 14.—A complete organization of the Catholic Church Extension society, which represents the most important missionary movement ever undertaken in the interest of the Roman Catholic church in the United States, was perfected here during the afternoon at a meeting of prominent Catholic clergymen and laymen at the residence of Archbishop Quigley. A constitution was adopted, officers elected and a board of governors, of which Archbishop Quigley is chairman, was chosen. The headquarters of the society will be at Lapeer, Mich., and it will be incorporated under the laws of that state. Executive officers were elected as follows:

President, Rev. F. C. Kelley, Lapeer, Mich.; first vice president, Rev. J. T. Roche, Nebraska City, Neb.; second vice president, Rev. F. J. Van Antwerp, Detroit, Mich.; third vice president, A. V. D. Watterson, Pittsburgh, Pa.; treasurer, William P. Green, Port Wayne, Ind.; secretary, M. A. Fanning, Cleveland, O.

HEAVY LOSS FROM FIRE.

Property Valued at a Quarter of a Million Dollars Destroyed.

New York, Dec. 14.—The four-story stone building at the corner of Fulton street and Bedford avenue, Brooklyn, owned by State Senator Charles Cooper and occupied by business firms, was gutted by a fire that broke out shortly after 2 o'clock a. m. The flames, the origin of which was not determined, started within the building and made such rapid progress that the building was doomed almost before the firemen could get to work. The loss, it is thought, will amount to \$250,000.

AGED WOMAN SUFFOCATED.

Attacked by Burglars Who Robbed and Gagged Her.

Asbury Park, N. J., Dec. 14.—Mrs. Morris Naftal, seventy-seven years of age and the wife of a wealthy resident of this place, was attacked by burglars while alone in her apartments at 151 Main street during the day. Diamond earrings were torn from her ears, rings were taken from her fingers, and finally she was left bound and gagged. She died from suffocation before her plight was discovered. Mr. Naftal was in New York.

Drowned While Skating.

Brighton, Mich., Dec. 14.—Miss Nellie Ainsworth of Madison, Wis., and her cousin, Bert Stewart, a young farmer, living near here, were drowned during the day while skating on Bishop's lake near this city. The couple broke through the ice.

Two Children Burned to Death.

Lead, S. D., Dec. 14.—Two motherless children, aged two and four years, of Matt Dapso were burned to death during the day near Hanna, ten miles from Lead, their cabin taking fire during the absence of the father.

BY GRANTING CONCESSIONS.

Only Way Russian Government Expects to Restore Order.

St. Petersburg, Dec. 12.—It is doubtful whether the promise of local self-government contained in today's Imperial ukase will have much effect, at least for the present, but it furnishes ample proof that the government realizes it is helpless to restore order without granting heavy concessions. The partial concessions granted to the people of the Baltic provinces are bound to encourage the Poles, Georgians and other border people.

Little is known of General Sollagub, who, it is reported, will be appointed governor general of the Baltic provinces, but he is said to be a man of energy with fairly liberal ideas.

The bourse again weakened on reports of commercial failures everywhere in the provinces and also in sympathy with the extremely panicky condition of the Moscow exchange. Runs on the savings banks continue. The Almayr, a private bank capitalized at \$250,000, has closed its doors, being the first bank failure in St. Petersburg.

The League of Leagues has issued an address declaring that the recent acts of the government proved it was attempting to suppress the emancipation movement and demonstrated that political freedom could only be obtained by an armed struggle, in which all the progressive elements were invited to join.

The Nasha Shishn claims to be in possession of information to the effect that at a conference of grand dukes and court officials held at Tsarskoe Selo it was decided that Count Witte had proved a failure and that the time had arrived for the adoption of firm measures, which could be employed with less opposition under a man like Prince Sviatopolk-Mirsky, former minister of the interior. The paper declares that a further conference will be held tomorrow at which Count Witte will not be present.

PANIC PREVAILS IN MOSCOW.

Complete Collapse of Business Attended by Many Bankruptcies.

Moscow, Dec. 12, by telephone to St. Petersburg, via Eydtkuhn, East Prussia, Dec. 14.—A veritable panic prevails on the bourse. The complete collapse of business in the provinces has been attended by many bankruptcies.

The agrarian disturbances are extending almost to the gates of this city. The country mansions of many nobles, including that of Count Shakhovskoy, have been burned.

Strikers fought a duel with a Cossack patrol in the outlying industrial village of Gorodistcht. The strikers stood their ground with revolvers, emptying four saddles and forcing the Cossacks to retreat.

The workmen's council of Moscow has adhered to the decision of the St. Petersburg council in deciding against a general strike. It develops that the council's funds have been exhausted in supporting 16,000 idle workmen.

Efforts to break the post and telegraph strike here have been unsuccessful. The volunteer carriers are boycotted and taunted in the streets.

News from Kursk says that two regiments which refused to protect landed estates from the peasants have been ordered back to that town.

COSSACKS AIDED THE MOBS.

Fifteen Thousand Jews Massacred in Three Days.

Boston, Dec. 14.—Leon Jacob Zlorutin, an educated Russian Jew of Odessa, who has arrived here from Russia, says that 15,000 Jews were killed in three days, with most terrible mutilation and torture. Cossacks and police aided the mobs in their deadly work and men, women and children were among the victims.

TWO FIREMEN KILLED.

Four Others Hurt by Falling Wall at Evanston, Ill.

Evanston, Ill., Dec. 14.—Two firemen were killed and four others were hurt by being caught under a falling wall while fighting a fire at the Park Manufacturing company near Evanston during the afternoon. The men were standing near a wall when it was blown outward by an explosion of petroleum in the boilerroom, where the fire originated. The dead are:

George Stiles, crushed to death under the wall; William Craig, head cut and internally injured, died on way to hospital.

APPEAL TO THE LEGISLATURE.

Hearst's Counsel Will Ask for a Law Providing for Recount.

New York, Dec. 14.—Mr. Hearst's counsel announced at night that an appeal will be made to the legislature during the first week of its meeting in January to pass a bill providing specifically for a recount of all of the ballots cast in the recent election. This is regarded as the most direct course to pursue, as it is said that further court proceedings, through quo warranto, would be slow and tedious. Mr. Hearst is in Los Angeles, Cal.

Violent Storm in Italy.

Rome, Dec. 14.—A violent wind storm during the day caused damage to many steamers in Neapolitan waters. At Venice a launch was capsized and its five occupants were drowned. At Sarno a freight train of twenty-one cars was overturned by the wind. Several regions in the south were flooded.

Coronation Date Fixed.

Christiania, Norway, Dec. 14.—The government has fixed June 24 of next year for the coronation of King Haakon and Queen Maud.

WIT AT GRIDIRON FEAST

Washington Club Jokers Hold a "Peace Conference."

ONLY CHLOROFORM BRINGS CALM

Society of Correspondents Has Fun With Cabinet Muzzle Order—Skits In Fake Wireless Messages and a "Thought Transferred" Act Amuse Guests—Witty Topical Songs.

Prominent guests were entertained by the Gridiron club in Washington the other night at the annual fall dinner, says a Washington dispatch to the New York Tribune. The table at the New Willard was spread for more than 200 persons, among whom were the vice president, nearly all the members of the cabinet, foreign ambassadors and ministers, senators and representatives and prominent people from every part of the country.

The programme was unusually attractive, and the wit and humor, the various skits, the songs and the speeches all tended to make the dinner a memorable occasion among the many given by this club of Washington correspondents.

A "peace conference," composed of members of the club, endeavored to settle disputes between many prominent guests who were personated by members of the club, but all was unavailing until finally a messenger from W. T. Jerome of New York, with a bottle of chloroform, put them to sleep.

The initiation of three new members afforded an opportunity for real roasts. It had reference to the recent letters of the president to cabinet officers relating to the dissemination of news by them. Three cabinet officers were personated, and they formed a grand inquisitorial commission, putting on the rack the baby members for daring to inquire what had taken place in cabinet meetings. The whole blame was finally placed on a "head devil," supposed to represent Secretary Loeb, who had blundered in sending a letter dictated by the grand inquisitor.

Several dispatches were received in a "fake" wireless telegraph apparatus. They were read, greatly to the amusement of the guests. Among these were the following:

Hon. William B. Allison—Please advise me on this point: Do you think a senatorial order leads to a nomination for president?

ROBERT B. LA FOLLETTE.

Madison, Wis.

Robert Bacon, Assistant Secretary of State—Aren't you glad to get out of it?

GEORGE W. PERKINS.

New York.

Hon. Charles Dick—Please get President Roosevelt to duplicate to me the message President Harrison wrote about falling outside the breastworks.

MYRON T. HERRICK.

Columbus, O.

Hon. William H. Taft, Secretary of War: Dear Bill—It was all right to dissemble your love, but why did you kick me down stairs?

GEORGE B. COX.

Cincinnati, O.

A "thought transferred" act afforded another opportunity to pass quips upon the prominent guests. Among the thoughts thus "transferred" and uttered by members, who were blindfolded and under the "spell" of the operator, were the following:

Shaw—I positively refuse to stay in the cabinet after March 4, 1909.

Loeb—Nobody knows the trouble I have. Taft—What's sixteen millions between friends?

Wilson—There's many a leak between the cotton and the crook.

J. P. Morgan—Since my Cincinnati, Hamilton and Dayton experience I have come to think there is merit in the government ownership of railroads.

Moody—One big trust litigation in hand is worth two years more in the cabinet.

Morton—Every insurance president should have his own submarine boat.

Shonts—Oh, where is my wandering canal tonight?

Aldrich—Some folks say sugar and oil won't combine, but I know.

Cannon—There is no tariff on football, so revise it all you please.

Beveridge—I can make a better speech than any that has been made yet.

Belasco—Yes, I think it may fairly be said that William Shakespeare was the David Belasco of his time.

Lodge—A codfish from the deep blue sea is a highly protected article of commerce is to me and nothing more, but, for heaven's sake, don't think I eat them.

The musical numbers included several topical songs touching different prominent men about the table. One of them, a parody on a popular air, was "Everybody Works but Fairbanks," referring to the fact that the duties of the vice president are not onerous. The chorus of the parody was as follows:

Everybody works but Fairbanks;
He sits up all day
Listening to the speeches
Made in the same old way.
Allison, Lodge and Gorman—
All are in the ranks.
Everybody works in the senate
But Mr. Fairbanks.

Uncle Joe Cannon was celebrated with a dirge to the tune of "Old Uncle Ned."

So lay the tariff question in its gra-a-ve,
Along with railroad rebates 'neath the dome.

There won't be any work for congress now to do.

You might as well all go home.

The menu was a large blanket ballot upon which the guests were grouped under different emblems and devices. There were tickets entitled "Temple of Fame," "Finance Clinchance," "Real Railroad Rate Reform," "Waiting List of the Roosevelt Club," "Dem-Pop, Formerly Republican Party," "Auntie Rebaters," "Also Running" and "Auto-Reformers."

J. Pierpont Morgan and Paul Morton came over from New York to hear the gridiron jokers take a fling at them and laughed, like the girl in the story, "consumedly" at the remarks about "Auntie Rebaters," "Finance Clinchance" and the "Rantankerous friends who usually come around once a year."

DISPATCH

MRS. FLORENCE WISE
APPREHENDED AGAIN

Woman who was Discharged Few Days ago Arrested Again Last Night

SHE BEAT HER CHILD AGAIN

Complainant States that She Dragged Child by the Hair Of the Head

Mrs. Florence Wise is again a boarder at Hotel de Erickson, and from her actions she evidently likes the bill of fare. She is the woman who was discharged after a hearing had before Special Municipal Judge C. A. Allbright a few days ago. She was charged at that time with assault on her young two-year old daughter, but the evidence as the court viewed it, did not have weight enough to constitute an assault, although it showed that she did a very unmotherly act in dragging her little daughter on the floor through some water.

She was arrested last night again for committing a similar offense and as the court gave her a severe reprimand on the former hearing it is more than likely that it will go hard with her on this second offense.

It is alleged now that she grabbed the little two-year daughter by the hair of the head and dragged her into the house and then kicked her clear across the room.

The case is one that is hard to understand. The woman is known to be very kind to her little daughter at times. She will at the slightest hurt pick the child up and love it and pet it and in almost another breath she will attack the child with a violence that makes the neighbors shudder.

Mrs. Wise is the woman, who after being confined in the county jail but a few hours at the time of her former arrest, gave birth to a child.

Mrs. Wise was brought before the court this morning again and her hearing was continued until Saturday morning.

She was arrested out at Gull lake where she had gone yesterday.

FOUR INDICTMENTS
WERE RETURNED

By Grand Jury at Noon Adjournment, and But Two Are Given Out

LEON J. RAFIDAL IS INDICTED

Case of Alex Gilmer vs Bonness & Howe was Taken up This Morning

The grand jury returned four indictments this noon, and it is understood that arraignments will be made in all four cases this evening at 6 o'clock.

But two of the four names in the indictments were given out this afternoon before THE DISPATCH goes to press. They are Leon J. Rafidal indicted for manslaughter in the first degree and James O'Hara, indicted for grand larceny. The history of the Rafidal case is still fresh in the memory of all readers. O'Hara is the man who entered the home of A. Landmark and stole some goods about a month or so ago.

The petit jury was excused yesterday afternoon in the district court until this morning. On assembling this morning the first case called was that of Alex Gilmer vs Bonness & Howe. Attorney A. D. Poik appears for Bonness & Howe and Attorney M. E. Ryan appears for Mr. Gilmer. Mr. Ryan has also called Attorney J. N. True in the case.

The case involves about \$1,024, the amount claimed by Gilmer to be due and is the outgrowth of a logging contract. Gilmer was doing some logging for the company and went onto some Pillsbury land in Cass county and cut some timber. Afterward it was discovered that the timber cut was the property of Pillsbury, but Mr. Gilmer states that he was sent there by the company. The case will probably consume most of the day.

In the case of Toger Peterson vs J. M. Elder, the plaintiff demurred to a part of defendant's complaint. This demurrer was sustained, but the defendant was given 20 days in which to answer. It was reported that the case had been dismissed, but this was not so.

If you are troubled with indigestion, constipation, sour stomach, or any other pain, Hollister's Rocky Mountain Tea will make you well and keep you well. 35 cents, tea or tablets. H. P. Dunn & Co.

Another Fire at the Old Harmon Place On Bluff Did the Business Last Night

There was another fire last night at the old Harmon place on Bluff avenue and this time the job was done up brown and the old building was razed to the ground. There was a fire here a few nights ago, but the department succeeded in putting it out before it made much headway. The fire is thought to have been set both times by some boys, in fact, it is a well known fact that this was the case.

Some Log Litigation

The Duluth News-Tribune says: J. M. Gray and R. J. Hartly, of Brainerd, Minn., filed an amended complaint in the office of the clerk of the United States circuit court yesterday in their action for damages through alleged fraudulent instruction in connection with a contract made by them and the Pine Tree Lumber company, the defendant in the action.

The complaint sets out that the company gave fraudulent instructions with regard to certain skidded logs which the plaintiffs contracted to haul in Becker county in 1902 and sent with them a man who did not point out all the timber. It says that the plaintiff, Gray, had a logging outfit which was not capable of moving the amount of timber that was skidded and that the timber was improperly skidded, all of which was well known to the company. The defendant company filed its amended answer in which it is set forth that the plaintiffs well knew the condition and quantity of logs and that the fault therefore lay with them that they had not carried out their contract to remove all of them and that the company had suffered loss and damage to the extent of \$599.22, which they seek to recover. The plaintiffs admit payment of \$3,628.28, but claim an additional \$3,325.95.
